

PANGEOS

CA22136 – PANGEOS COST Action

Pan-European Network of Green Deal Agriculture and Forestry Earth Observation Science

We are pleased to invite you to our upcoming webinar within the PANGEOS COST Action CA22136 (Pan-European Network of Green Deal Agriculture and Forestry Earth Observation Science). The webinar will take place on **14 January 2026 at 14:00 CET (GMT+1)**.

During the webinar:

Prof. Dr. Mounir Fouad, National Forestry School of Engineers (ENFI) will present his research:

"Evolution of Forest Management Planning in Morocco and the Use of AI and Close-Range Remote Sensing Methods to Improve the National Forest Inventory"

Prof. Dr. Turgay Dindaroglu, Karadeniz Technical University, will present his research:

"Determination of the Relationships Between Certain Soil Properties and Reflectance Indices (MSAVI, TSAVI, NDVI, GNDVI) Using Unmanned Aerial Vehicles and Multispectral Cameras"
